

SAVE FORT GREENE PARK'S MATURE SHADE TREES

FRIENDS OF FORT GREENE PARK

NYC PARKS DEPARTMENT PLANS TO CUT DOWN 78 MATURE TREES AND PAVE 13,000 SQ FT OF FORT GREENE PARK. YOUR NEIGHBORS ARE SPEAKING OUT. WE OFFER AN ALTERNATIVE.

FFGP COUNTERPROPOSAL

Preserve, Restore, Enhance

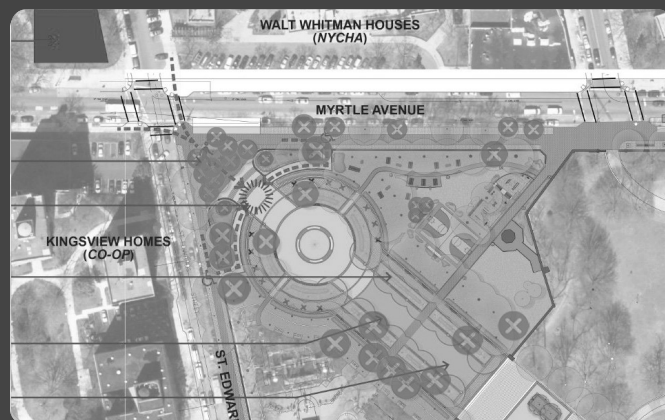

Friends of
Fort Greene Park
Counter-Proposal

- Improve accessibility, drainage, benches
- Limit concrete, keep it green and human-scale
- Preserve grove of healthy shade trees and their canopy
- Preserve and restore historic A.E. Bye designs
- Upgrade playgrounds, fountains, public facilities
- Improve sustainability and retaining walls

NYC PARKS PROPOSAL

Creating a Heat Island for Decades

- Remove 78 mature, healthy, shade-providing trees
- Severely prune remaining canopy for residential monument views
- Replace healthy shade trees with saplings
- Pave over grassy mounds and greenspace with a hardscape
- Dramatically reduce shade, cooling, pollution-mitigation for decades
